

Your students' creativity can make a difference!

Students Rebuild, a program of Creative Visions, invites your class to discover how their art can help make the world a better place. This year's Unique & United Project helps your students celebrate what makes them special, practice kindness toward everyone, and see how their art can help people around the world.

Make A Global Impact

For every work submitted or student engaged, **Creative Visions will donate \$5 to help organizations** – like CARE and Kids for Peace – that help people connect and care for one another.

FREE READY-TO-USE RESOURCES

Start your project with our easy-to-implement, teacher-friendly activities, designed to fit any schedule - whether you have five minutes between lessons or a full class period! Scan the code below to access all the resources.

Ready, set, CREATE!

- 1. Learn:** Use our resources to help students celebrate what makes them unique and see how our differences make us stronger.
- 2. Create:** Students create a project - such as a drawing or poem - that expresses what makes them special and helps spread kindness.
- 3. Share:** Sign up your class/group at studentsrebuild.org and submit their work.

DEADLINE TO SUBMIT:
JUNE 1, 2026

“ Our students' self-portraits celebrate what makes each child unique and special. Through their artwork, students explored their individual identities, recognizing that everyone has their own talents, interests, and qualities to share. This project helps them understand that while we are all different, each person plays an important role in building a strong and caring community.

-Ms. Ewan, Elementary School Teacher
