

Your students' creativity can change the world!

Students Rebuild, a Creative Visions program, invites your class to discover how their art can help make the world a better place. This year's Unique & United Project helps your students recognize their differences as strengths that build better, more connected communities.

Make A Global Impact

For every work submitted or student engaged, **Creative Visions will donate \$5 to help organizations** – like CARE and Kids for Peace – that help people connect and care for one another.

FREE Ready-to-use RESOURCES

Our turnkey activities are designed to integrate seamlessly into your curriculum. Whether you have five minutes or a full block, these resources can easily adapt to your schedule. Scan the code below to access all the resources.

“ Students created “Hand Self-Portraits” and “Where I'm From” poems to show how we are all unique yet connected in our humanity. The class traced their hands, chose a word that represented them, and wrote poems to share their culture. When we displayed the portraits together, they formed a beautiful quilt-like mural.

-Mrs. Denny, Middle School Teacher

PROGRAM BENEFITS:

Service Hours: Verified service-learning hours available upon request

Global Impact: Raise funds for world charities through the arts

Leadership: Build academic resumes with community-driven projects

Flexibility: Designed to fit your specific schedule

GET YOUR STUDENTS STARTED:

- 1. Learn:** Use our resources to help students explore their identities—traits, experiences, and stories—and learn about the shared humanity and perspectives of others.
- 2. Create:** Students create a project—such as a mural, poem, short film, or performance—that expresses who they are and shows ways people can build connection, understanding, and unity across differences.
- 3. Share:** Sign up your class/group at studentsrebuild.org and submit their work.

DEADLINE TO SUBMIT: JUNE 1, 2026
