

## Your creativity can protect the planet!

Environmental challenges can feel overwhelming, but figuring out how to help shouldn't be! **The Students Rebuild: Protect Our Planet Project** is an opportunity to explore the air, land, and water in your community and use creativity to share your story and ideas for a thriving planet.

### Project Benefits:

**Receive a Certificate and Earn Service Hours:** Turn your creative talents - writing, film, art, or performance - into verified service hours and receive a digital Certificate of Participation.

**Amplify Global Perspectives:** Explore local and global environmental challenges, and discover how different communities around the world are taking action.

**Drive Real Funding:** Turn your creative voice into tangible financial support — unlocking \$5 per submission for frontline organizations protecting our planet.

### Creative Mediums:

**Literary Arts:** Short stories, essays, and poetry

**Visual Arts:** Graphic design, drawings, paintings, photography, and memes

**Performing Arts:** Dance, theater, and music

**Media Arts:** PSAs, film, and video

**STEM:** Robotics, digital design, and games

### How To Join:

1. **Sign Up:** Register yourself or your group for the Protect Our Planet Project at [studentsrebuild.org](https://studentsrebuild.org).
2. **Explore:** Use our activity guides to help explore the air, land, and water in your community and what you can do to protect them.
3. **Create:** Create a piece of artwork in any medium that expresses your vision of a healthier planet.
4. **Share:** [Log in](#) to your Students Rebuild account and submit your creative work.
5. **Impact:** For every creative work you submit, Creative Visions donates \$5, up to \$1 million, to partner organizations that protect our planet.

**Deadline To Submit: June 1, 2027**
